## HOW MONTRA CAN HELP

Application technologies have changed the way businesses operate. While the benefits of applications to your business are great, you need the right people to manage your various cloud applications and storage solutions. Montra's modern approach to the management of cloud and hybrid systems streamlines your critical services and assets.

Let Montra take responsibility for your business' cloud services and you'll never spend another minute worrying if your data is secure or services are operational. We partner with industry leaders to offer Cloud solutions that can always scale up or down on demand, so you only pay for what you need, when you need it.

Between backups, applications, desktops, servers, Security, Office 365, Azure, and AWS, Montra's team of experts has you covered. Our experts manage your cloud-based data, security, applications, and storage so that your most valuable assets are always secure and available.

# MANAGED APPLICATION SERVICES

## GAIN FULL VISIBILITY INTO YOUR COMPLIANCE STATUS

Cloud applications and systems have proliferated within your business operation compounding the already difficult task of managing your IT environment. At Montra, we believe knowing the status of your cloud-based systems and applications shouldn't require hours of logging into various vendor platforms to pull disaggregated reports and data.

That is why we provide you with our VIA platform which gives you a single-view of all of your Cloud services so that you can see your uptime, usage, performance, and any service requests all from one place.

## SERVICES INTEGRATED INTO YOUR EXISTING OPERATIONS

Montra designs all of our service offerings to integrate seamlessly within your operations for minimal disruptions to your day-to-day business.
